

TRL POINT STRUCTURE

	200 YD	300 YD	400 YD	COURSE POINTS MIN.	COURSE POINTS MAX.
1) Distance = .5pt per 50yards, per target. Add up the yardage on multiple target stages to get the distance value. Do not do this if all the targets are all on the same line. We will count that like shooting at one target multiple times to keep things simple. DISTANCE VALUE 900	Z 8" Z 18" 18" 12" 12" 8" 6" 4"	Z 8" Z 18" 18" 18" 12" 8" 6" 3"	Z 8" Z 18" 18" 18" 12" 8" 6"
